Mõõtmise juhised:

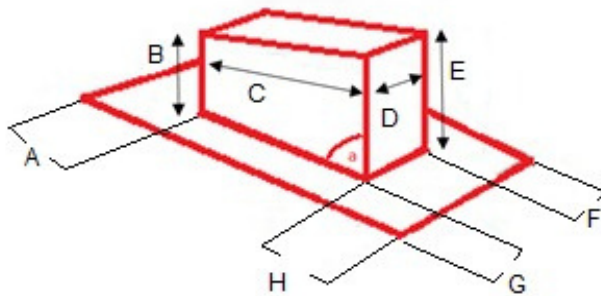

Joonistel toodud mõõdud on näidised ja aitavad aru saada, milliseid andmeid tootmiseks vaja on.

Kui esitate päringu läbi “Küsi hinda” vormi, palume vajalikud mõõdud lisada lahtrisse “Töö kirjeldus”. See aitab meil koostada täpse pakkumise ja valmistada lahenduse just teie korstnale.
